Carson Leslie

Carson had a bold, confident swagger. At 14, he fought a valiant 3+ year battle with brain cancer. Three days before he went Home, he announced he wanted to "leave something remarkable behind" and asked to visit Reid at Ray's Gun Shop and walked out of Ray's "The Young Man with a Golden Gun!" Although too feeble to shoot his Golden Gun, he was sure proud of his purchase. We invite you to shoot Carson's Golden Gun to help honor one of his last wishes, "Make sure they study those tumors in my brain...to help the next kid..." With his words, our foundation was launched and with your support, boldly marches forward.
